

Glow in the Dark

A wan smile of silvery gloom
Stains the black sky
Ever taunting, unrelenting
Darkness stands by

A rare blend of
Despair and grace
Share the sombre evening

Enshrouded, obscured glamour
Eternally lost
Forfeit by fear, known by all
A marginal cost

Plainly crushing
Simple hopes of
Long-awaited escape

Infinite promise beyond
Something to behold
Glass encased by distance alone
Lost long ago

All we see; will ever see
A pathetic glow in the dark
